

Build 600 Affordable Homes Action Plan

Appendix: Engagement Summary

March 2024

Engagement Overview

Skw̓xwú7mesh Úxwumixw and its partners, Nch'káy Development Corporation and Hi'yám Housing, undertook a series of projects in 2023 and 2024 to advance four major strategic priorities:

600 Affordable Homes Action Plan	Creating a roadmap to start construction on 600 new Member homes by 2025
Land Development Strategies	Identifying opportunities to increase economic development on four sites
Elder Care, Homes and Centres	Identifying options for expanded/new Elder Centres, homes and housing
Long Range Capital Plan	Prioritizing and budgeting for new infrastructure and amenities

Recognizing the important interconnectedness of this work, and significant engagement required, the project teams worked collaboratively to delivery an integrated approach to community engagement.

This document summarizes the engagement that was completed, and the feedback received from Squamish people who participated, with a focus on feedback on Member housing. This information was used to inform the Build 600 Affordable Homes Action Plan.

Engagement Activities

Between Fall 2023 and Winter 2024, the following communications and engagement activities took place:

- Booth at Community Services Open Houses in North Shore and Squamish Valley, October 2023 (number of participants unknown)
- Community open houses (4), including a joint event for the Nch'káy Annual Gathering of Members, November 2023 (125 participants)
- Online survey, December 2023 to January 2024 (230 participants)
- Workshops at Elders' Lunches (75 participants)
- Input from engagement activities for Elders projects

In total, through the integrated engagement approach, it is estimated that more than 500 Members provided input on this work.

Part 1: Open Houses

Ch'ich'élxwí7kw

Themes	Comments	Repeats
Elders Housing	Need Elders/Assisted Living Housing	
	Elders homes should be resort-like	
	A percentage of homes for senior members. Shuttles.	
	Elders home in centre of community	
	Housing for Elders - Care centre	
	High level of accessibility for Elders	
Better Access to Transit	Easier access to transit (dangerous walking path to Phibbs)	4
	Better access to transportation near Phibbs	
	A little bridge connecting to Phibbs Exchange where golf course is now	
	Transit oriented, no parking, young people	
Car Access	Access is issue - transportation	
	Parking is important	
Housing Close to Water	Housing at corner site of Seymour	4
	Easier access to Seymour river	
	Hard for members to get to Seymour	
	Member homes next to river is great. Lots of people will want to live there.	
	Housing close to river	
	Member homes along waterfront/river	
Concern about Power Lines	Any health issues living close to power lines?	1
Affordability	Affordable home ownership	3
	Affordability for members? Based off what maintenance fee?	
	Affordable housing for members	
High Density	Could be Senakw density	3
	Support highrise intensity with shops	
	More housing	
	Neighbourhoods are already densifying with non-members - no problem with mix of member + non-member	

Themes	Comments	Repeats
	Young members ok with highrise, + FN business	
Ownership / Tenancy	Only member housing on reserve	
	Member only on wes side of Hwy	
	Land back - need more land	
	Ownership with option to sell to nation members	
	Options of housing in areas focused for members as well as more open buildings for non-members	
	Support home ownership opportunities - build equity, respect property more	
Housing typologies	Superstore & housing on top - Superstore is important	
	"Lean to" single sloped roof housing is historically raised	
	Family homes - family live together in multi-family units	
	High density housing to bring our people home (townhomes/ apartments)	
	Student housing + rental (noted at current Superstore parcel)	
Transition housing	Transition house near Longhouse	2
	Doors semi-open transition to member zone	

Xwmélch'sten

Themes	Comments	Repeats
Member-Housing	Yes to mixed density, more townhomes for members	
	Interested in all forms of housing, close to transit, family-sized homes	
	I think it's good location for member housing because it's close to bus stop	
	Member + non-member housing (2 towers)	
	Housing for all - Higher density	
	Higher density - maintenance	
	Maintanance of family housing - yards	
	Maintenance of single family is not good	
	Don't need non-Squamish people living on Squamish land. We already have enough money to build projects.	
	Keep housing for members	
	Turn Plaza towers into member only units - will save \$ by not having to build new	
	Live here, waiting for fome. Infill on existing homes, carriage houses.	

Themes	Comments	Repeats
	Member housing would be perfect	
	Homes and houses should go here	
	Two more residential towers (at International Plaza site)	
	Keep it simple and just do rancher's 4 single, people R. a couple?	
	Support building with housing for members + non-members but protecting member & site choice	
Elder & Women Housing	Elders housing, housing for people living with addiction/ rehabilitation centre	
	Concern about locating Elders centre being poorly cared for	
	Elders home in centre of community	
	Women-focused housing	
Noise & traffic concerns from Marine Dr.	Put housing at Staples site and businesses by bridge. Residents don't want bridge/car exhaust	
	Traffic and parking is a nuisance	
	Bridge traffic is too loud - move member housing away from bridge	
	Will be noisy to live along Marine drive	
	Marine drive too busy for member housing	
	Swap member housing with non-member housing	
	Traffic noise next to bridge isn't that loud. Not a worry to live closeby.	
Privacy	Private road to corner housing is a must	
Other uses	Commercial podium - business space	
	Hotel + motels + housing	
Equity	Affordability - forced to leave community	
	Talk to the Chiefs from SN to support their families - 16 families of amalgamation	
Land use policies	Land Code policies for Nation + non-members	
Accessibility	Transparency, accessibility, balance in supporting members	

Ch'kw'elhp

- Grocery store
- Townhomes as preference
- Housing for our elders
- Agreed for low income for family's housing
- Agreed longterm care for elders in need
- Elders retreat area
- Housing optimal
- Some economic development (rental \$) + affordable housing for housing
- Would like housing opportunities here
- Member housing
- Another welcome figure – R.L
- First choice of waterfront buildings for members
- Healing centre
- Speed bumps on all roads – current speed bumps are spaced too far apart
- Think longevity of the buildings so you don't struggle with maintenance
- Retirement village
- Flex space housing (modular housing), changing family needs
- Studios arranged in suite, combined or separated as needed
- Flex doors – as much flexibility as possible
- Privacy but still connected to community
- Tiny houses?
- For overnights visitors for events
- Eco cultural healing holistic centre retreat
- With member housing for employees
- Affordable home ownership
- Member self build options
- Retirement community options for elders
- Parking to gather in the case of a death + gathering at a house
- Accessible doorways
- Wheelchairs, stretchers, emergency services
- Storage for food & multi-generational living -> housing
- +pantry space for canning
- Storage for belongings of many family
- Each reserve should have 2 emergency only duplexes for families
- Do mostly economic development & save a parcel for Hiyam housing
- Why can't we build in Stanley Park? (2023)
- I would like to get my new home before I'm 80!
- I wanna see 65 years old get a new house. Are monies 2 add on?
- Longhouse design
- See development @ Britannia Beach for example housing
- For people who wish to grow food + medicine / medicine apothecary
- Some Members would like to retire here
- May be hard / too far away if people work
- Affordable home ownership
- Accessible doorways – wheelchairs – stretchers (emergency services)
- Member self build options
- Be able to leave your house & be in the woods
- Retirement community / options for elders

St'á7mes

- Members / youth young people (off community) need a place to come home
- Squamish members rent free
- Need to walk land of ancestors
- More housing for members
- Easy + simple access for mobility handicap parking spaces (lots)
- Housing
- Need services (medical/water) to come home (ex. In USA)
- Elders centre
- Waterfront access – need water adjacent park
- More housing in general
- Supported tiny homes for elders
- No rent
- Increase amount of member housing
- Mobile home park or pre-fab houses
- Housing area could be enlarged
- Residences for students / young people
- Housing always good
- Hiyam office space
- Housing that will be affordable for Elders!
- Women housing – supports
- Totem Hall -> close to Elders facility
- Townhomes not apartments
- Replace Chances with housing
- Elders home in centre of community
- Raise cemetery wall
- Elder housing at Upper Stawamus
- Reserve: more privacy
- More housing, local housing 4 community, based on needs
- Elder care – close to service many wheelchair
- Elders housing
- Smaller
- Separate from community
- Underhoused
- 10 plex
- More housing options
- Burning site -> underground river, above ground
- Town houses – extra space families – foster care
- Townhouses – multigenerational but everyone has own space
- See Britannia Mine townhomes for example
- Elders away from noise
- Affordable home ownership loan
- Affordable rental – families
- Overhoused – need more options
- Transition housing – elders – home ownership. More housing equity

Part 2: Integrated Planning Projects Survey Summary

Introduction

S̓kw̓wú7mesh Úxwumixw is putting its Strategic Plan into action. S̓kw̓wú7mesh Membership was invited to participate in a survey to provide feedback on four planning projects:

1. Land Development Strategies
2. Build 600 Affordable Homes Plan
3. Elder Care, Homes and Centres
4. Long Range Capital Plan

These four plans will work together to support a good quality of life for all Members with new housing, community facilities, amenities, services, infrastructure, and economic development. Economic development will bring new revenue to fund Nation facilities and services, today and for a sustainable future.

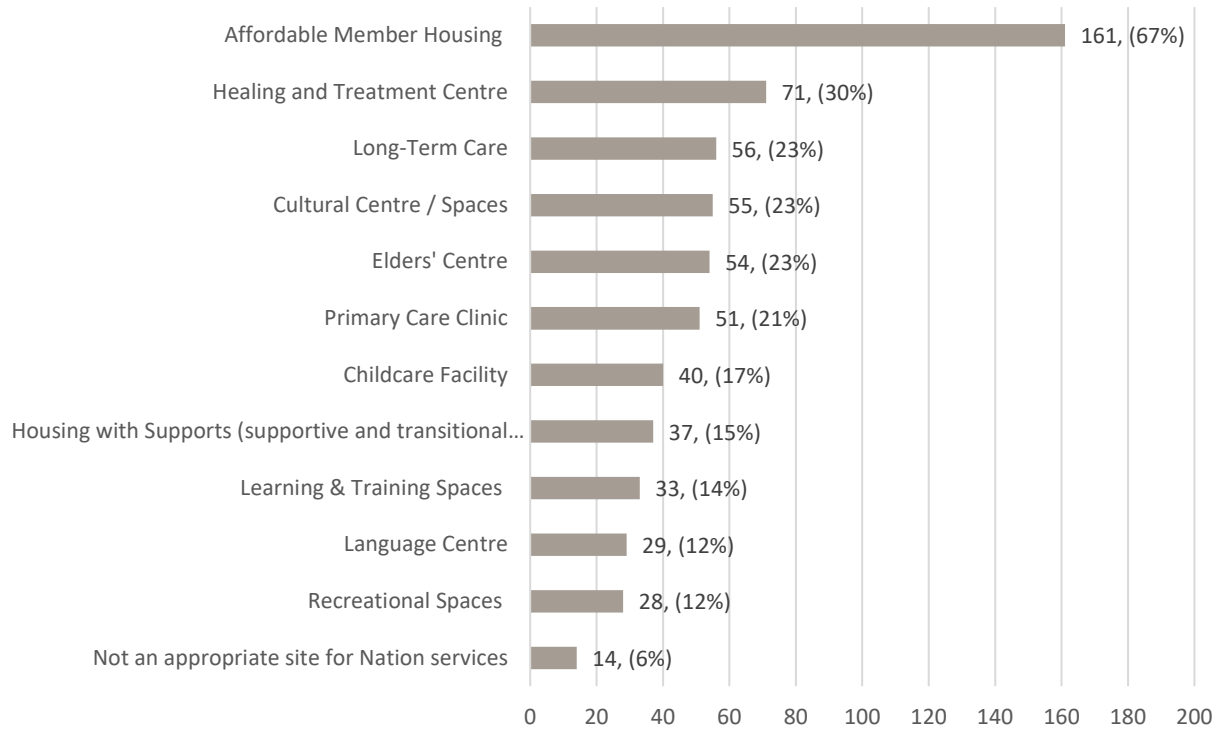

The survey was divided into eight (8) sections:

1. Xwmélch'sten (Capilano No. 5)
2. Ch'ích'elxwi7kw (Seymour Creek No. 2)
3. St'á7mes (Stawamus No. 24)
4. Ch'kw'elhp (Chekwelp No. 26)
5. Other Areas for Housing and Community Uses
6. Long Range Capital Plan
7. Elders Care, Homes, and Centres
8. Housing

The survey launched on December 4, 2023. This report summarizes the analysis of all surveys received by February 8, 2024. In total, there were 240 responses.

Xwmélch'sten (Capilano No. 5)

What facilities for Members are most appropriate at the Marine Drive site?
(choose up to 3 options)

Question responses: 233

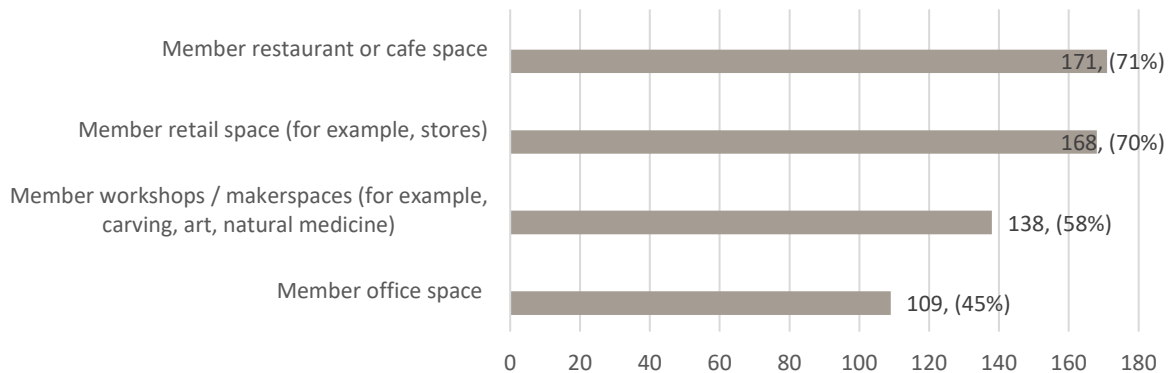

The top three most popular facilities for the Marine Drive site included:

- Affordable Member Housing (67% of total respondents)
- Healing and Treatment Centre (30% of total respondents)
- Long-term Care (23% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

- Affordable Member housing was most important to those from the Fraser Valley (100%) and other parts of Metro Vancouver (90%)
- Elders between 55-64 years of age were more interested in long-term care (44%)

What kind of Member business spaces available for lease would be appropriate at the Marine Drive site? (choose up to 3 options)

Question responses: 222

When asked what kind of member business spaces the community would like to see at the Marine Drive site, the top two responses were:

- A member restaurant or café space (71% of total respondents)
- Member retail space (70% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

- Respondents from Vancouver were more likely to prioritize member office or retail space (86% each)
- Member restaurant space was most important to those who live on reserve in Squamish Valley (88%)

Is there anything else you would like to share about future development on the Marine Drive site or facilities in other areas of Xwmélch’sTEN?

In total, there were 130 responses to this question. The most prominent themes are listed below:

Housing (33 comments)

- Prioritize Member housing (provide housing only for Members, prioritize those who have been on the waitlist for a long time) (14)
- More housing is needed in general (8)
- Affordable housing is needed (for families in need, for the working class) (6)
- Elders’ facility is needed (5)

Community Features (23)

- Prioritize outdoor green spaces (parks, walking trails, gardens) (7)
- Build a restaurant/cafe (6)
- Provide recreation opportunities (4)
- Provide opportunities/spaces for education (learning spaces, life skills training, trades) (4)
- Build more community event space (2)

Economic Development (23 comments)

- Support for member businesses (support for entrepreneurs in the community, member gift-shops, Nation gallery for member artists, commercial spaces for Members) (8)
- Support more retail/commercial development (6)
- Build more office space (5)
- Build a hotel (2)
- Provide employment opportunities for Members (businesses that hire Members) (2)

Transportation (22 comments)

- More parking is needed (development would affect parking more, underground parking needed) (6)
- Prioritize walkability (more sidewalks on reserve, 15-minute cities) (4)
- Concerns with increased traffic (4)
- Prioritize transportation accessibility (so Members can stay connected if they can't drive and access places by transit) (3)
- Improve street/trail lighting (on trails that lead to the reserve, lighting for safety) (3)
- Limit access to reserve via Marine Drive (2)

Culture and Community (18 comments)

- Foster a sense of community (design that encourages Members to connect, communal spaces, design that reflects culture) (6)
- Provide opportunities to practice culture (cultural spaces near the water, cultural spaces incorporated into administrative buildings, spaces for language learners/speakers) (6)
- Create more Elders spaces (for programming and support services, health services) (6)

Healing (16 comments)

- Build spaces for substance recovery (6)
- Improve access to healthcare (6)
- Provide more support services (4)

Development (7 comments)

- Increase densification (support for towers and townhomes to use space well) (4)
- Build mixed-use developments (support for a mix of residential and commercial) (3)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

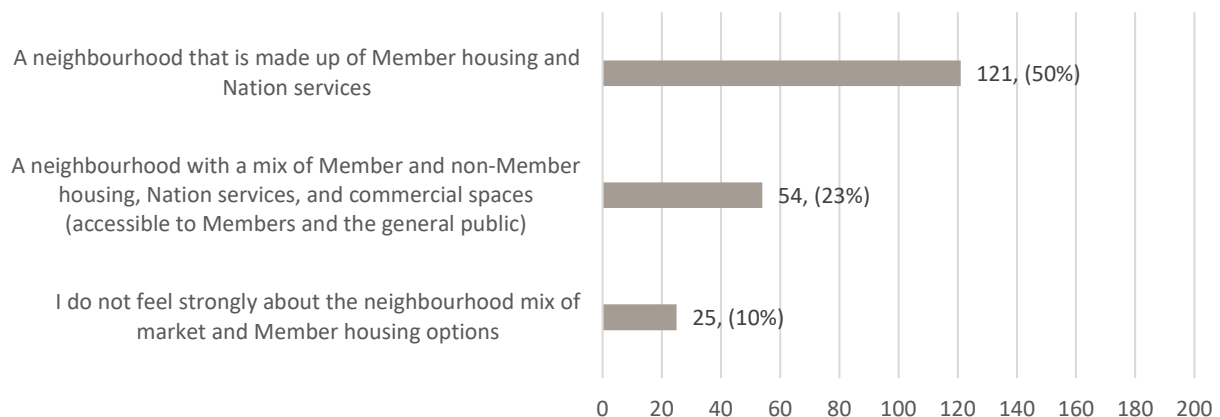

- Elders or Junior Elders were more likely to advocate for Elders housing facilities (though it was mentioned as a theme across almost all age groups)
- Junior Elders were more concerned with transportation connections (transit, walkability, issues with parking, and traffic)
- Young adults/adults more commonly referenced economic development as a priority
- Young adults/adults were more supportive of densification
- Young adults/adults were more concerned with access to healthcare and spaces for substance use recovery

When cross analyzing the data with location, a few trends emerge:

- Participants from all locations identified a need for more member housing options
- Those who lived on reserve in the North Shore were more likely to be concerned about the impacts to traffic and parking in the area

Ch'ich'elxwi7kw (Seymour Creek No. 2)

This area will look a lot different in the future than it looks today. New developments with market (non-Member) and Member housing options are proposed. When it comes to new Member housing, what best describes the neighbourhood you wish to live in?

Question responses: 200

Half (50%) of total respondents identified a preference to live in a neighbourhood that is made up of Member housing and Nation services.

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

- Those from Vancouver (43%) and other parts of Metro Vancouver (44%) were more open to a mix of Member and non-Member housing
- Elders (64%) were more likely to prefer a neighbourhood that is made up of Member housing and Nation services

Is there anything else you would like to share about future development on Ch'ich'elxwi7kw?

In total, there were 106 responses to this question. The most prominent themes are listed below:

Housing (45 comments)

- Prioritize member housing (provide housing only for Members, prioritize those who have been on the waitlist for a long time) (32)
- More housing is needed in general (5)
- Support for non-Member housing options (5)
- Build an Elders' facility (3)

Economic Development (15 comments)

- Support more retail/commercial development (the area by the superstore, include member and non-member businesses) (8)
- Provide more office space (especially for the administration offices) (3)
- Provide more training opportunities for Members (training for hospitality, general job training) (2)
- Build a casino (2)

Transportation (12 comments)

- Prioritize transportation accessibility (transit connections in area, access to Lynn Creek, active transportation opportunities, waterway transportation to Burnaby) (4)
- Prioritize walkability (trails for all seasons, walking access to community hubs, 15-minute cities) (4)
- Concerns with traffic (2)

Healing (9 comments)

- Build spaces for substance recovery (3)
- Improve access to healthcare (3)
- Build a Healing centre (2)

Community Features (6 comments)

- Prioritize outdoor green spaces (4)
- Develop more recreation space (recreation centre for Seymour area) (2)

Culture and Community (4 comments)

- Provide more opportunities to practice culture (naming buildings after Hereditary Chiefs) (2)
- Build a Longhouse (2)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

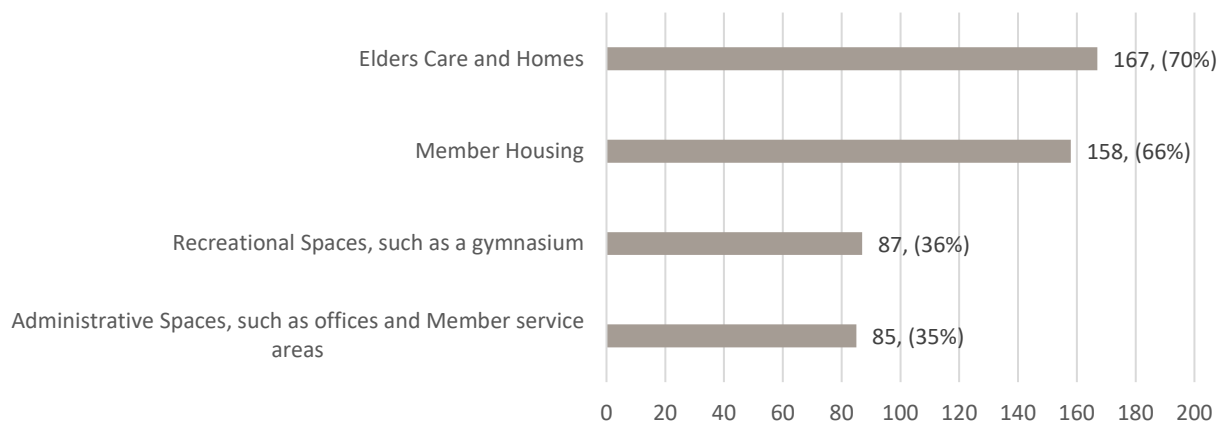

- Respondents of all ages identified a need for more Member housing options
- Young adults were slightly more interested in retail/commercial opportunities

When cross analyzing the data with location, a few trends emerge:

- Respondents from the North Shore (both on and off reserve) were more likely to prioritize outdoor green spaces and nature
- Respondents from all locations identified a need for more Member housing options
- Respondents from other parts of Metro Vancouver (such as Burnaby and New West) were slightly more likely to request more opportunities to practice culture

St’á7mes (Stawamus No. 24)

What types of development would you like to see in the Upper St’á7mes area?

Question responses: 190

Survey respondents were most supportive of the following types of development in the upper St'á7mes area:

- Elders care and homes (70% of total respondents)
- Member housing (66% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trend, it should be noted that not all survey respondents provided their demographic information.

- Elders care and homes, and Member housing were the top choices among all demographics, except for those who lived off reserve in the Squamish Valley, where 80% had selected recreational spaces

Is there anything else you would like to share about future development on St'á7mes?

In total, there were 93 responses to this question. The most prominent themes are listed below:

Housing (24 comments)

- Prioritize Member housing (provide housing only for Members, prioritize those who have been on the waitlist for a long time) (12)
- Prioritize Elders' housing (homes with services for healthy living, access to transportation, safe spaces) (10)
- Prioritize single-family development (2)

Community Features (15 comments)

- Prioritize outdoor green spaces (6)
- Develop more recreation spaces (pool, gym, lacrosse box, outdoor recreation) (3)
- Build a hotel (2)
- Build more community event spaces (places for meetings and gatherings) (2)
- Provide opportunities for education (an education centre) (2)

Transportation (13 comments)

- Improve parking (Totem Hall, accessible parking) (3)
- Prioritize walkability (3)/cycling infrastructure (2)
- Transportation accessibility (accessible for Elders, safe) (3)
- Improve accessibility for all abilities (ramps, wheelchair access) (2)

Economic Development (9 comments)

- Build more office spaces (especially for the Skwxwú7mesh Úxwumixw Administration offices) (7)
- Leverage opportunities for tourism (eco-tourism, opportunities to teach others about Nation lands) (2)

Culture and Community (9 comments)

- Build a Longhouse (4)
- Build a Cultural centre (cultural areas near the cemetery, spaces for cultural activities) (3)
- Provide opportunities to practice culture (2)

Development (5 comments)

- Conserve the waterfront (maintain a buffer along the water, keep it peaceful) (3)
- Respect the area around the cemetery (protect that area from development) (2)

Healing (5 comments)

- Build a Healing centre (away from the City) (3)
- Improve access to healthcare (2)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

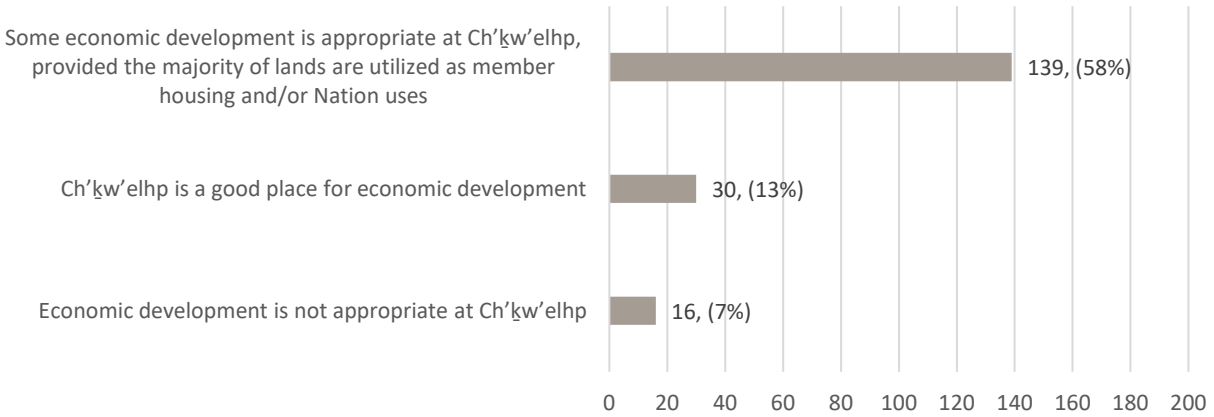

- Adults were more interested in improving access to health care (in-patient treatment/medical care facility)
- Adults and young adults were more interested in office spaces
- Respondents of all ages identified a need for outdoor green spaces
- Respondents of all ages identified a need to prioritize Elders for housing and services

When cross analyzing the data with location, a few trends emerge:

- Squamish Valley and North Shore respondents who live on reserve were most interested in building a Longhouse
- Squamish Valley and North Shore respondents who live on reserve were more concerned with parking

Ch'kw'elhp (Chekwelp No. 26)

Is Ch'kw'elhp appropriate for economic development?

Question responses: 185

The majority (58%) of total respondents stated that some economic development is appropriate at Ch'kw'elhp, provided the majority of lands are utilized as member housing and/or Nation uses.

There were no notable trends across demographics.

Are there other types of development or facilities you would like to see on Ch'kw'elhp?

In total, there were 99 responses to this question. The most prominent themes are listed below:

Housing (38 comments)

- Prioritize member housing (21)
- More housing is needed general (9)
- Prioritize housing for Elders (care lodge, housing, retirement home in Gibsons, independent living options) (5)
- Provide affordable housing options (3)

Community Features (28 comments)

- Build a hotel/resort (i.e., Tigh-Na-Mara) (11)
- Build more community spaces (gathering spaces, community gardens, meeting spaces) (5)

- Develop more recreation spaces (2)
- Prioritize outdoor green space (3)
- Restrict water access to Members-only (3)
- Build a restaurant/cafe (2)
- Build cabins (to rent, for camping) (2)

Culture and Community (17 comments)

- Build a cultural centre (place for cultural teachings and land-based learning) (10)
- Host youth camps (3)
- Build a Longhouse (2)
- Host family camps (2)

Economic Development (16 comments)

- Leverage opportunities for tourism (eco-tourism, educational tourism, information centre) (10)
- Build more office spaces (2)
- Prioritize more retail/commercial (2)
- Support for Member businesses (stores for member crafts and art) (2)

Healing (9 comments)

- Build a Healing centre (a place to go after recovery, wellness centre, retreats) (5)
- Build more spaces for substance recovery (farther away from the community, easier to heal) (4)

Transportation (4 comments)

- Concerns with ferry access (ferry costs and cancellations and be challenging for those who live here) (2)
- Improve parking (2)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

- Respondents of all ages were interested in building a hotel
- Elders and Junior Elders were more concerned with the ferry access to the location
- Junior Elders were slightly more interested in leveraging the area for tourism opportunities

When cross analyzing the data with location, a few trends emerge:

- Respondents who live on reserve (at both the North Shore and Squamish Valley locations) were more likely to prefer member-only access to the water

- Respondents who live on reserve in the Squamish Valley were most interested in cabins
- Respondents who live on reserve in the North Shore were most interested in family camps

Other Areas for Housing and Community Uses

Do you have any feedback on housing or community facilities in the other areas shown on this map?

In total, there were 111 responses to this question. The most prominent themes are listed below:

Housing (58 comments)

- Prioritize Member housing (23)
- More housing is needed in general (12)
- Provide affordable housing options (6)
- Improve current housing infrastructure (Capilano Members are living in poor conditions, desire to rebuild at Es'ha7an, desire to replace housing at Kaw'tin) (6)
- Prioritize detached homes (5)
- Build an Elders' facility (Elder care facility with services, potential for housing at Ch'yakmesh) (4)
- Create housing maintenance requirements (to promote upkeep and cleanliness) (2)

Community Features (21 comments)

- Prioritize Outdoor green spaces (dog parks, parks, gardens) (5)
- Develop more recreation spaces (lacrosse boxes, hockey facilities, river rafting site) (4)
- Build more community spaces (gathering spaces, meeting spaces, community centre) (3)

- Provide opportunities for education (Kindergarten- Grade 3 schools, outdoor schools, education centre) (5)
- Build a water treatment plant (Cheekeye, Paradise Valley, Cheakamus) (2)
- Update the cemetery (2)

Healing (11 comments)

- Build more spaces for substance recovery (6 comments)
- Build a Healing centre (3)
- Improve access to healthcare (2)

Culture and Community (8 comments)

- Provide opportunities to practice culture (teaching about fishing and hunting, campsite at Seaichem or Kawtin to share traditions, fish cleaning tables, protect Cheakamus for fishing and medicine) (5)
- Create youth spaces (3)

Development (8 comments)

- Increase densification (4)
- Protect natural spaces and places of significance (4)

Economic Development (4 comments)

- Build more office spaces (2)
- Leverage opportunities for revenue generation for the Nation (2)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

- Elders were most interested in seeing updates made to the cemetery

When cross analyzing the data with location, a few trends emerge:

- Respondents who live on reserve in the North Shore were the most supportive of detached home development and spaces for substance use recovery. They were also more likely to highlight the need to improve current housing conditions for Members
- Respondents from all locations identified a need for more member housing options and Elders housing options

Long Range Capital Plan

The Long-Range Capital Plan identifies the priorities and timing in the image above. Does this align with your priorities? Are we missing anything?

Planning Underway	Short-Term	Medium-Term	Long-Term

In total, there were 106 responses to this question. The most prominent themes are listed below:

Support for the priorities and timelines (37 comments)

- Support for the list as is (37)

Suggested edits to the timeline: add to short-term (14 comments)

- Spaces for substance use recovery (4)
- Update the cemetery (3)/Burning facilities for Stawamus Reserve (1)
- Language learning spaces/education centre/schools (3)
- Longhouse (2)
- Elders' facility (1)

Suggested edits to the timeline: add to long-term (1 comment)

- Community Center Squamish Valley (1)

Additional priorities (12 comments):

- Member housing (6)
- Improve access to healthcare (2)
- Improve parking (2)
- EV charging stations (2)

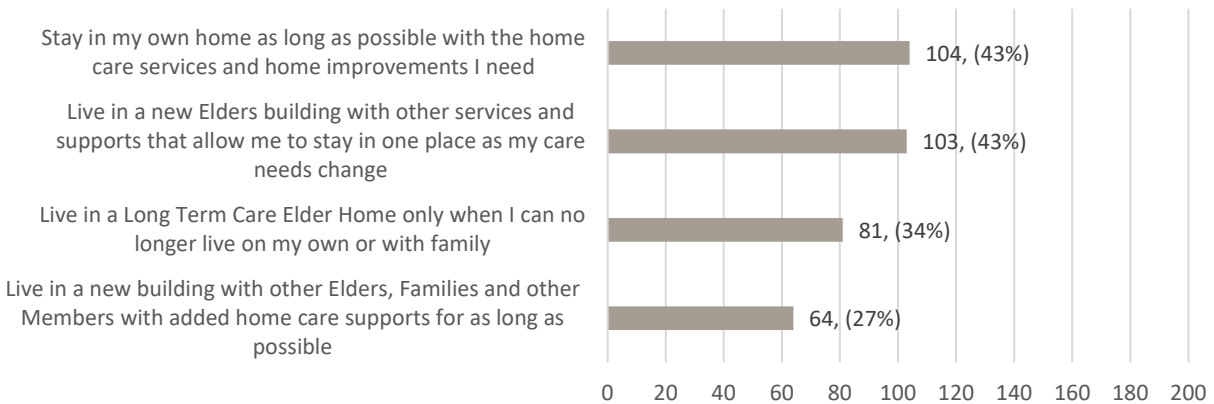

There were no notable trends between demographics.

Elders Care, Homes, and Centres

For the following questions, all Members were welcome to provide input as Sḵw̱x̱wú7mesh will be planning for generations.

As a Sḵw̱x̱wú7mesh Úxwumixw Member, when my care and health support needs change as an Elder, I would most like to:

Question 6: As a Sḵw̱x̱wú7mesh Úxwumixw Member, when my care and health support needs change as an Elder, I would most like to

Question responses: 160

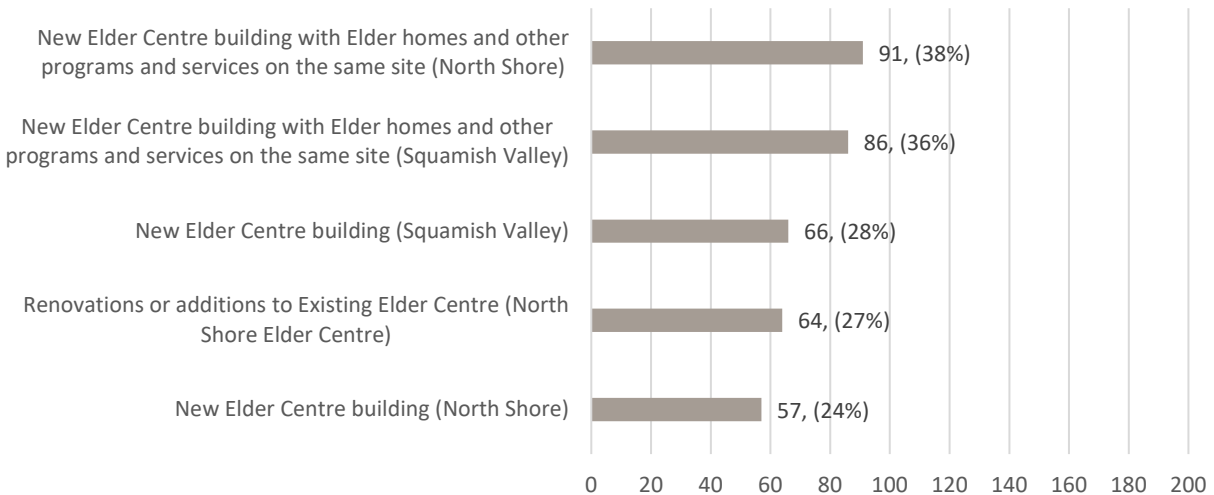

Survey respondents stated that when their health support needs change as an Elder, they would prefer to:

- Stay in their home as long as possible with the home care services and home improvements I need (43% of total respondents)
- Live in an Elders' building with other services and supports that allow me to stay in one place as my care needs change (43% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trend, it should be noted that not all survey respondents provided their demographic information.

- Those who live both on (59%) and off reserve (80%) in the Squamish Valley were more supportive of living in a new building with other Elders and families

An expanded Elder Centre for the North Shore or a new Elder Centre for the Squamish Valley means:

Question responses: 159

When asked what an expanded centre for the North Shore or a new Elders’ centre for the Squamish Valley meant, respondents noted:

- New Elder Centre building with Elder homes and other programs and services on the same site (North Shore) (38% of total respondents)
- New Elder Centre building with Elder homes and other programs and services on the same site (Squamish Valley) (36% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

- Those who live both on (71%) and off reserve (80%) in the Squamish Valley were more supportive of an Elders centre building located in the Squamish Valley with Elder homes and other programs and services on the same site
- Over 60% of Elders were supportive of a new Elder centre building with Elder homes and other programs and services on the same site in the North Shore, while 50% were supportive of this option for the Squamish Valley

When it comes to an expanded Elder Centre for the North Shore or a new Elder Centre for the Squamish Valley, do you have any other ideas to share?

In total, there were 79 responses to this question. The most prominent themes are listed below:

- Ensure the facilities are accessible for all Elders (all abilities, whether they live on or off reserve, policies for bullying, secure wards for those with dementia) (10)
- Prioritize an Elders centre in the Squamish Valley community (6)
- Increase size of the Elders centre in the North Shore community (5)
- Ensure there is enough space for cultural activities (5)/communal areas (2)
- Integrate Elders and youth (through both space and programming) (5)
- Provide attached housing options (5)/more housing options in general (2)
- Improve/increase opportunities for in-home care (4)
- Ensure there is ample parking (3)
- Provide access to healthcare in the facilities (3)
- Support for the initiative (3)
- Increase densification (build them up not out) (2)
- Cultural sensitivity training for all staff who work at the facilities (2)

The data was cross analyzed based on the demographic responses. When considering the following trends, it should be noted that not all survey respondents provided their demographic information.

When cross analyzing the data with age, a few trends emerge:

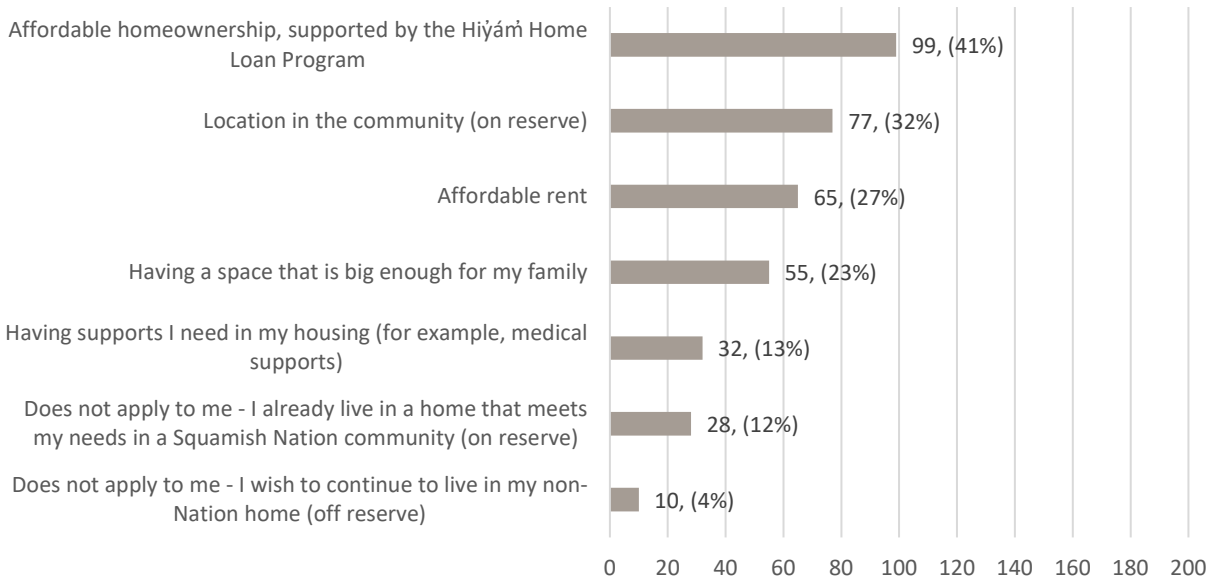

- Elders and Junior Elders were more likely to request space for cultural activities and accessibility for all Elders
- Respondents across all age ranges recommended merging Elders programming and facilities with youth and children

When cross analyzing the data with location, one trend emerges:

- Respondents who live on reserve in the North Shore community were more likely to be concerned with the size of the current facility

Housing

If there are more homes in the community, what would motivate you to move home or to change your housing if your current home does not meet your family's needs?

Question responses: 156

The top three factors that would motivate survey respondents to move home or change their housing are:

- Affordable homeownership supported by the Hiyam Home Loan Program (41% of total respondents)
- Location in the community (on reserve) (32% of total respondents)
- Affordable rent (27% of total respondents)

The data was cross analyzed based on the demographic responses. When considering the following trend, it should be noted that not all survey respondents provided their demographic information.

- Respondents who live off reserve in the North Shore (67%), Vancouver (71%), and those who live outside of Canada (60%) were most interested in having a location in the community (on reserve)

Is there anything else you would like us to know about any of these plans or projects? Do you have questions about these projects?

In total, there were 76 responses to this question. The most prominent themes are listed below:

Housing (33 comments)

- Prioritize member housing (12)
- Provide affordable housing options (6)
- Build housing for different life stages (singles/couples/families/students) (6)
- Explore other housing options (for working class, women's shelter, co-op housing) (3)
- Build Elders' housing (3)
- Build rental housing/rent to own (2)
- Update housing regulations (1)

More engagement (4 comments)

- Host more community engagements (2)
- Explore a family-based engagement approach (1)
- More transparency is needed overall (1)

Access to services (4 comments)

- Access for off reserve Members to on reserve member services (4)

Addressing the drug crisis and homelessness (4 comments)

- Addressing homelessness among Members (1)
- Provide sober living facilities (1)
- Build more spaces for substance recovery (1)
- Address drug crisis (limit housing available to drug dealers) (1)

Services for youth (3 comments)

- Better support youth in care and transitioning out of care (3)

Infrastructure and maintenance (4 comments)

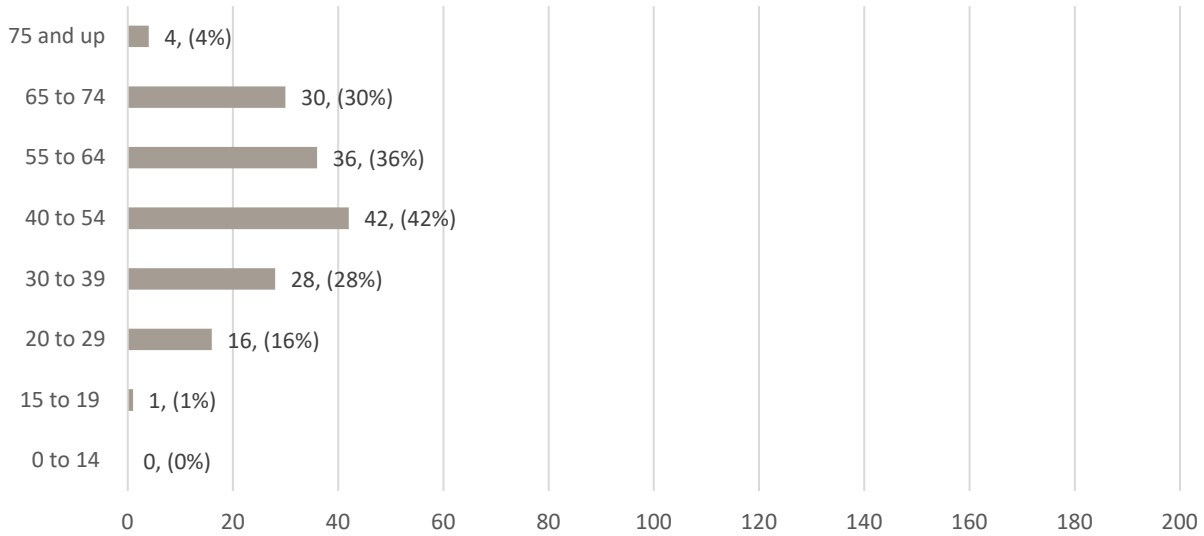

- Better community maintenance needed (2)
- Infrastructure updates needed (2)

Questions regarding:

- Questions about housing loans (8)
- Questions regarding insurance (1)
- Questions regarding Membership (1)
- Questions about timelines (1)
